

INTRODUCTION TO ANIMAL COMMUNICATION COURSE

SEPTEMBER 24, 2023 (LIVE IN ZUG)

OCTOBER 1, 2023 (ONLINE)

WITH ANDREA CONTRI

animal communication

Did you know that animals understand everything that is going on in your and in their lives, but we confuse them terribly because we have been taught that they don't?

Did you know that YOU can understand what your animal friend is thinking and feeling?

This course is specifically for people who want to rediscover and develop their relationship with animals. During the course you will experience intuitive communication with animals and how it will develop within you.

All you need is an open heart, an open mind and a love for animals.

During the course you will discover the origin of intuitive animal communication and how it is part of each of us; it is not a new concept but it is based on ancient knowledge. Andrea will guide you through specific exercises and meditations to quiet the mind and begin to understand the language of animals.

You will discover how to develop your intuitive side to open yourself to the listening to animals.

There will be the opportunity to work directly with the animals at the venue. The animals will be there and will help with a direct questions and answers session. There you will have the chance to pose to the animals specific questions and receive their answers, which can be confirmed by the animals' people.

Another realm which you will be investigating during the course is a body scanning technique, where you will be shown how to pick up the physical condition of the animal.

You are invited to send us a photographs of your own animals, as you will be learning how intuitive communication works over any distance.

This course is designed to help you to understand that we all are energy beings and we all are connected on an energy level. After attending the course you will bear a greater understanding of your animal friends and indeed all beings in nature.

Have you ever wanted to communicate with animals? To know what they are thinking and how do they feel?

Be prepared for two days of joy and revelation, tears amongst the laughter and an all-round sense of who you really are, and why you are called to do this work. We look forward to guiding you on this journey.

This workshop is suitable for all levels of experience.

course details

The first day (September 24, 2023) will be live at SHI (Zug), the second day (October 1, 2023) will be held online on ZOOM. The course runs from 9.00 am to 5:00 pm each day and will be held in English.

Dress: casual, comfortable clothing; some activities could be done outdoor.

What to bring: a notebook and a pen. Send a photo of an animal you know via email at: info@animaltalkitalia.it.

Don't bring your animal, we will work with him/her via photo. We will have special guests during the course!

ALL

LOVERS!

To those who are following their inner journey and with wonder and curiosity decide to follow their dreams!!!

venue

The first day of the course "Introduction to Intuitive Animal Communication" with Andrea, will be held at SHI House of homeopathy in Zug.

We have chosen a renowned internationally venue as a homeopathy training institution for over 30 years. A place characterized by a wonderful healing energy that will support us through the course.

We will be welcomed by the energy of the center in which we can reconnect with our selves. A place particularly suitable for (exercises of) concentration and meditation exercises.

A venue where you will be welcomed in an atmosphere of serenity and harmony.

The venue is easily accessible by car or by public transportation.

Andrea Contri's Biography

Nature and the animal kingdom have always been Andrea's passion. Communication with animals took shape in 2008 in South Africa, during a period of volunteer work where Andrea had his first experience of communication with a white lion.

In 2010 he decided to deepen the study of communication with animals and in the following years he return to South Africa where he has the opportunity to live intuitive communication experiences with different animals: whales, lions, baboons, penguins, wild horses and white lions.

Andrea immediately obtained important feedback and confirmations of his potential through practical cases and decides to continue his studies between Europe and Africa.

Back in Italy, Andrea founded Animal Talk Italia through which he helps people and their animal friends to understand each other on a level of deep knowledge that is established thanks to intuitive communication. He has collaborated with various international associations and provided his own competence in communicating with bears at the Abruzzo National Park, Lazio and Molise.

Andrea is the author of the book "La Comunicazione intuitiva con gli animali" published by Macro Editions in Italy and France. He was a guest at Radio DeeJay, Radio Noi Musica, Radio RSI, Radio Pico and Radio24.

Andrea has held conferences and courses on intuitive communication with animals in Italy and abroad; respectively on four different continents.

private sessions

Intuitive communication should be seen as an opportunity to improve and facilitate our understanding of our animal companions. Indeed, through the information received, it is possible to better understand the psychophysical state of our animal, its emotions and thoughts.

Communication has a strong relationship with spiritual growth of the individual who requests it and can also be a valid support for understanding personal dynamics.

During the days before the course Andrea is available for private sessions that can be both for your animal or at personal level.

Session fee: 120 CHF for a single session of 50 minutes.

To reserve your place please contact Valentina:
